

<b>Title of the measure:</b>	HOU-LUX25 Grant scheme for renovation of residential buildings (2013-2016)
------------------------------	----------------------------------------------------------------------------

### General description

**Type of measure:**  
Financial - Grants

**Target application:**  
Heating demand in existing residential buildings

**Operation:**  
The support provides a financial incentive for the energy renovation of existing buildings in accordance with the Energy Efficiency Regulation. Subsidies are granted for improving the thermal insulation of the building envelope and for the use of a mechanical ventilation system.

Prior to the renovation, the provision of energy advice is mandatory, which is also subsidised.

The better the standard achieved, the higher the subsidy.

Effect of the measure approximately 1 year after the respective closing date.

**Validity period:**  
From 01/01/2013 to 31/12/2016

**Financing:**  
To finance this proportion of the support programme, a state budget of between EUR 3 million and EUR 12 million has been allocated over the period.

### Impact evaluation

**Influence parameters:**  
The support rate: 0.2% in 2013; 0.4% in 2014; 0.6% in 2015; 0.8% in 2016 in relation to the total number of dwellings built by 1995 (on average, this corresponds over the period to approximately 750 dwelling units per year).
