

Title of the measure:	SK 8 Minimum efficiency standards for appliances
------------------------------	--

General description

Minimum efficiency standards for appliances are defined by Government Regulations:

- No 425/2000 as amended by No 295/2002 and No 253/2003 Coll. “On technical requirements on energy efficiency of refrigerators and freezers for households and their combinations”
- No 594/2002 Coll. “On technical requirements on energy efficiency of stabilizers for fluorescent tubes as light sources”

Government regulations 425/2000 as amended by No 295/2002 and No 253/2003 Coll. transfer the EU Directive No.96/57/EC of 3rd September 1996 ‘On the requirements of energy efficiency of electrical refrigerators and freezers and their combinations’

Government regulation 594/2002 Coll. “On technical requirements on energy efficiency of stabilizers for fluorescent tubes as light sources” transfers the EU Directive No.2000/55/EC of 18th September 2000 “On the requirements of energy efficiency of stabilizers for fluorescent tube lighting”.

Measure Impact Level		
<input type="checkbox"/> low	<input type="checkbox"/> medium	<input checked="" type="checkbox"/> high

Interaction of measures

SK 6 Domestic appliances energy consumption and labelling (Households)
